The plan is based on 10 clear principles but short on detail as to how those principles will be implemented.

(Open & Shut?, Saturday, September 11, 2018)

Who would have thought in 2002 that the sixteen "open" enthusiasts who

that year launched the Budapest Open Access Initiative were about to unleash on the world a chain of events that some believe will eventually upend the 350-year old scholarly publishing system, and has in the meantime thrown researchers, librarians, universities, funders, governments and scholarly publishers into what

at times looks like a dance of death.

(Open & Shut?, Thursday, April 19, 2018)

As I have previously reported, more and more countries in the global North are coming to the conclusion that if universal open access is to be achieved any time

soon they are going to have to persuade or compel legacy scholarly publishers to convert all their subscription journals to gold OA, by means of a global "

flip".
